

## ECTC Two Weeks Away!

### Visit YINCAE Booth 815 at ECTC 2015

*Join Dr. Yin's Presentation On The 4<sup>th</sup> Floor Of The Sheraton Hotel*

*At 1:00 PM On May 27, 2015*

**(Albany, NY) May 14, 2015** The 65<sup>th</sup> Annual ECTC is less than two weeks away. It will take place at Sheraton San Diego Hotel & Marina, in San Diego, California on May 26<sup>th</sup> - 29<sup>th</sup>. YINCAE hopes that you will stop by our **Booth 815** to learn more about YINCAE and the innovative products that we have to offer.

Dr. Wusheng Yin will be sharing a special presentation, *An Overview of Advanced Materials* at **1:00 PM on the 4<sup>th</sup> floor** of Sheraton San Diego Hotel & Marina on **Wednesday, May 27<sup>th</sup>**.

To further the discussion of the miniaturization of electronics, we observe that Manufacturers are focused on finding solutions to address the weakening of various components. YINCAE offers a myriad of solutions for wafer level, flip chip, POP, LGA, BGA and many more. We offer materials for low, medium, and high temperature applications with differential chemistry and electrical/thermal conductivity.

The ECTC (Electronic Components and Technology Conference) is an International event that showcases the best in Packaging, Component, and Microelectronic Systems, Science, Technology and Education in an environment of cooperation and technical exchange.

YINCAE Advanced Materials, LLC is a leading manufacturer and supplier of high-performance coatings, adhesives and encapsulants used in in the computer microchip and optoelectronics industries. Our manufacturing operations and headquarters are located in Albany, NY USA, with technical sales and support available through a worldwide sales and service organization.
