FOR IMMEDIATE RELEASE

Press Release

SEMICON WEST 2018 is in 1 Month! VISIT YINCAE BOOTH 5269

(Albany, NY) 5/7/2018 – SEMICON WEST 2018 is just **1 month** away! The tradeshow will take place at the Moscone Center in San Francisco, California, July 10 to 12. YINCAE hopes you will stop by our **Booth 5269** to learn more about YINCAE and the innovative products we have to offer.

Dr. Yin and the team are eager to reconvene with our longtime clients and to make new connections as well. The YINCAE staff wants to hear about your latest work and to tell you about ours. In a consultative approach, our team helps clients identify material and application issues and then recommend appropriate product solutions.

YINCAE Advanced Materials hopes that you will join us at the conference to learn more. YINCAE has exclusive products that no other company has developed and can tailor materials to meet your project needs. YINCAE is unique in that we combine the quality and service of a small company with the production capability of a larger corporation.

If you would like to schedule a meeting with the YINCAE team, please reach out to us at info@yincae.com. You can also get more information by visiting our website through the following link: www.yincae.com.

* * * * *

Founded in 2005 & headquartered in Albany, New York, YINCAE Advanced Materials is a leading manufacturer and supplier of high-performance coatings, adhesives and electronic materials used in the microchip & optoelectronic devices. YINCAE products provide new technologies to support manufacturing processes from wafer level, package level, board level and final devices while facilitating smarter and faster production and supporting green initiatives.
