FOR IMMEDIATE RELEASE

Press Release

YINCAE Advanced Materials, LLC. Proudly Announces ISO 9001:2015 Certification

(Albany, NY) July 16, 2019 We're proud to announce that YINCAE has received its official ISO 9001:2015 certification! This certification is a testament of YINCAE's commitment to customer satisfaction, quality, and continuous improvement.

ISO 9001 is a quality management system standard that was developed by the International Organization for Standardization, an association of governmental and nongovernmental organizations from many countries. The ISO 9001 standard is utilized to certify quality management systems that focus on continuous improvement, customer satisfaction and the active involvement of both management and employees in a process based approach.

"I could not be happier with the performance everyone at YINCAE has shown throughout the ISO 9001:2015 certification process," said Dr. Wusheng Yin, CEO of YINCAE. "This certification has demonstrated our clear desire to always operate at the highest levels of quality and efficiency. This is not just recognition of our tireless efforts to put the best products and service available on the market but that we intend to do so in the future!"

YINCAE anticipates that the ISO 9001:2015 certification will help the company:

- Provide quality products to meet or exceed customer's needs, expectations and requirements
- Build an organization culture to focus on continual improvement and innovation
- Produce products that comply with relevant laws and regulations
- Ensure reliable risk management using best preventive practices
