FOR IMMEDIATE RELEASE

Press Release

YINCAE Advanced Materials to Exhibit at SMTA Mexico Expo 2019 Visit Yincae at Booth #729!

(Albany, NY) October 3, 2019 YINCAE Advanced Materials will be exhibiting at SMTA - Mexico 2019 at the Expo Guadalajara in Guadalajara, Jalisco Mexico on October 23 -24, 2019.

YINCAE innovated the world's first lead-free solder joint encapsulation adhesive solution for wafer level, flip chip, POP, LGA, BGA and many other applications. YINCAE offers SJEA for low, medium and high temperature solder alloy applications for your unique applications. YINCAE underfills not only offer high thermal conductivity and high Tg (245°C) but also can be used at over 400°C.

Featured Products:

SMT 158EN - is a fast flow, high Tg and low CTE high temperature resistance underfill

SMT 158UL - is a room temp. fast flow and fast cure filled underfill

SMT 158NN - non-flow and high purity liquid epoxy encapsulant

SMT 256EP(T5) - solderable adhesive is self-leveling and self-soldering adhesives, which has been designed for high temperature Pb-free application

NC 256 - a zero residues flux

YINCAE offers a variety of exclusive materials such as thermal interface and wafer-level /packaging level/board level materials, die attach adhesives and underfill that have been adopted by leading contract manufacturers and tier 1 microelectronic customers, Please stop by our BOOTH # 729, we are excited to be showcasing our most popular products. To schedule a booth meeting with the YINCAE team, please email us at: yincae_cs@yincae.com.

For more information, please visit our website at: www.yincae.com or call us at 518-452-2880.
